Plus Natural Enzymes Ready to Use Bed Bug Eliminator

was developed by the owners of A-Plus Pest Control, Inc. as an alternative to dangerous chemicals.

See the web site for details. It is classified as a Non-toxic, Minimum Risk Pesticide, EPA Registration Exempt 40CFR 152.25 (g) (1 & 2). This product effectively controls bed bugs and other insects naturally. This product offers a natural alternative to your bed bug and other insect problems.

Directions: For the control of bed bugs and other household pests, mist liberally on mattresses, box springs and all upholstered furniture in bedrooms and other rooms. Pay attention to seams. Lightly mist carpet and drapes as needed and spray using a directed stream along baseboards and into any openings or gaps on walls including carpet edges. (Test product in discreet area on all colored fabrics before use) Always wear eye protection when using this product. Avoid eye contact. Keep out of reach of children.

Active Ingredients: Sodium Lauryl Sulfate .55%, Sodium Chloride .25%, Potassium Sorbate .00125% Other Ingredients: Water, Yeast, Acetic Acid
