

***Plus Natural Enzymes
Sampson's Choice**
Flea, Tick and Mange Control For Dogs and Cats

Safe to use around children and pets!

Active Ingredient: Active 3% Cedar Oil
Inert Ingredients 97% Ethyl Lactate (corn solvents) and Water

Advanced formulation derived from the oil of Juniperus Virginiana (cedar oil). Safe and effective against infestations of fleas, ticks, mosquitoes, flies, mites, gnats, lice and other flying and burrowing insects without the use of toxic chemicals. This advanced time released formulation has a mild scent, is non-greasy and is an excellent mange control. It is an excellent repellent to keep insects off of the animal. May be used on any mammal such as farm animals, horses or rabbits. You can even spray it on human skin and clothes to keep mosquitoes and other insects off.

Plus Natural Solutions Worldwide, Inc. represents this product is a Minimum Risk Pesticide which qualifies for exemption from the United States Environmental Protection Act (EPA) registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Directions: Read the entire label before use. Use only in accordance with label instructions. For external use only. Shake well before use. Hold sprayer 8-12 inches away from your pet. Start spraying your pet at the tail, making sure to spray the entire coat of your pet, including legs, tail and underbody. With your hand, fluff the hair against the way it normally lays to assure that the product penetrates the coat to the skin. Avoid spraying in eyes. Repeat as necessary. Product may be applied indoors or outdoors. In order to help reduce the occurrences of fleas, ticks, and other nuisance insects, this product works best when used regularly year round.

Caution: Humans: Keep out of reach of children. May be harmful if swallowed. Avoid contact around eyes and mouth. Wash hands with soap and water after handling.

Domestic Pets: Do not apply product directly in or on eyes. Sensitivity may occur using ANY products for pets.

First Aid Humans: If Swallowed: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Domestic Pets: If signs of sensitivity occur, discontinue use and bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian. Have the product container or label with you when calling a veterinarian or going for treatment.

Disposal: Do not reuse empty container unless it is refilled with Plus Natural Enzymes Sampson's Choice refill. Recycle or wrap container in newspaper and discard in trash.
