We practice  
**Integrated Pest Management**  
USING

**NON-TOXIC  
PEST ELIMINATION  
SYSTEM**

*"We do it like we live there!"*

195-195-195...

**OUR PHILOSOPHY**  
for  
**ENVIRONMENTALLY SAFE PEST CONTROL**

**integrated pest  
management**

IPM is the methodology we use. We always inspect first, develop a plan and treat last. This helps us maintain & control your pest problem in balance with nature.

**cedar oil**

Cedar Oil is an all natural alternative to poisons. When used as a perimeter treatment it's a long-lasting repellent.

**Plus Natural  
Enzymes**

Breakthrough in pest elimination technology kills pests & is safe around you, your children, pets & surfaces.

**ASK RICK**

**What do we mean by that, anyway?**

When we're in your house or building,  
we treat it like we live there.  
& do it environmentally safe.

At A-Plus, you are paying for results, not dangerous chemicals.

**WE CAN NATURALLY ELIMINATE:**

Cockroaches, Carpenter & Pavement Ants, Centipedes, Millipedes, House, Drain & Fruit Flies, Mosquitoes, Silverfish, Mice, Rats, Wasps, Bees, Hornets, Yellow Jackets, Moths, Fleas, Bed Bugs, Lice, Other Related Pests.

**OTHER SERVICES INCLUDE:**

WDI (Termite Inspections), Organic Odor Control, Broadcast Perimeter Treatments (BT) to keep pests out, using all-natural Cedar Oil.

WE USE THE  
**Plus Natural Enzymes System**

**STEP 1: Plus Natural Enzymes Cleaner**

&

**STEP 2: Plus Natural Enzymes Pest Eliminator**
